Admission via the CEO's recommendation is conditional on the applicant being suitably prepared to undertake the requirements of the course.

9.1 Approved Articulation Arrangements

Applicants may be allowed direct entry through an approved articulation agreement. Articulation agreements provide a pathway between a completed qualification at an external institution and a qualification at ASA, enabling students to progress via a defined pathway. The agreement may provide credit into an ASA qualification or may establish eligibility for admission only.

Articulation agreements must be approved by the Academic Dean with regular reports provided to the Academic Board, detailing the performance and monitoring of the associated students. Any performance-related issues are addressed with the external institution immediately. Exit clauses are activated in the absence of an improvement in performance following the implementation of tailored intervention strategies.

10. Monitoring of Entry Requirements

The above Entry Requirements will be monitored to ensure that students' progress in their course, and that students are equipped with the appropriate Academic and English language levels at the time of admission to succeed in their units. These aspects will be monitored for impact on student progression and attrition rates at the Institute:

- If students are granted the appropriate number/level of advanced standing (refer to the *Recognition of Prior Learning Policy*),
- If students are undertaking appropriate related pathways (prior study) as their entry requirement (pertaining to academic and English language),
- If students are undertaking English language at suitably qualified ELICOS institutions,
- If students are sourced from quality agents who can assess the suitability of genuine students to undertake undergraduate or postgraduate courses,
- If there are additional requirements for placement or professional accreditation or employment;
- If students have relevant backgrounds (e.g. prior study), and
- Any other criteria which may affect the ability of the student to succeed at and complete their course at ASA.

The findings of these monitoring activities will be presented to the Academic Board and will be used to inform admission criteria.

11. Complaints and Appeals

An applicant may appeal against a decision made under this Policy and Procedure. Appeals must be made as prescribed in the appeals process outlined in the *Student Grievance Policy* and associated procedure.

12. Offer of Enrolment

1. All applicants who apply for admission to ASA will be sent an email notifying them of the outcome of their application. Applicants who are unsuccessful will be provided with reasons for the decision. Each applicant who satisfies the admission criteria will be offered a place via a Written Agreement, known also as a Letter of Offer.
2. The Letter of Offer is a binding contract outlining the rights and responsibilities of both ASA and the student. This includes information on what happens in the event a course is not delivered by ASA; the process through which refunds of course fees are determined;

- the procedure to follow when submitting grievances, complaints and appeals; and other information of relevance to the student's success.
3. The Letter of Offer must be signed by the applicant prior to or at the same time course fees are paid. ASA will not accept any payment prior to having received a signed agreement and all required documentation.
 4. For applicants applying for an Overseas Student Visa, once ASA receives a signed acceptance of the Letter of Offer, evidence of any conditions provided, and payment of course fees, a CoE is created in PRISMS (the reporting system for the Department of Home Affairs). The CoE is then issued to the student for visa application purposes.
 5. International applicants who are made a Letter of Offer based on their international student status may not change that status upon gaining residency until the following quarter of study.
 6. More information regarding offers of enrolment can be found on ASA's website.
